WHAT IS KCP?

Kutztown Community Partnership (KCP) is a community-driven non-profit organization dedicated to the economic revitalization and preservation of downtown Kutztown.

KCP works together with other area civic and non-profit groups as a partner in mutual support of projects that benefit the Kutztown community and downtown.

Kutztown has been designated as a Main Street Community, which entitles the Borough to receive grant funding for facade improvements and to hire someone to coordinate and manage improvements in the Borough's core business district. The application process for this designation has taken over five years and countless volunteer hours. We are proud of this major accomplishment, and we look forward to working with residents, business owners, students and organizations on the implementation of the Main Street Program to further improve our community.

Want to volunteer for KCP?
